1. Business and Summary of Significant Accounting Policies

Business

REVL Securities, LLC (the "Company") is a Limited Liability Company formed on March 2, 2015 in the State of Delaware. Effective July 21, 2016, the Company became registered with the Securities and Exchange Commission ("SEC") as a securities broker-dealer and received approval from and became a member of the Financial Industry Regulatory Authority ("FINRA").

As a limited liability company, the member is not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless the member has signed a specific guarantee.

Basis of Presentation

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

New Accounting Pronouncement – ASC 606 Revenue Recognition

Private placement transaction and service fee revenue includes fees from debt offerings and debt advisory in which the Company acts as a placement agent or advisor, respectively. Private placement transaction fee revenue is recorded upon completion of the transactions per the term of the agreements. Private placement service fee revenue is recorded when services are provided per the terms of the agreements. Mergers and Acquisitions advisory fee revenue includes fees from offerings and advisory in which the Company acts as an agent or advisor, respectively. Mergers and Acquisitions advisory fee revenue is recorded upon completion of the transactions per the term of the agreements. Interest income is recorded as received.

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification 606, Revenue from Contracts with Customers ("ASC 606"). The new accounting standard, along with its related amendments, replaces the current rules-based GAAP governing revenue recognition with a principles-based approach. The Company adopted the new standard on January 1, 2018 using the modified retrospective approach, which requires the Firm to apply the new revenue standard to (i) all new revenue contracts entered into after January 1, 2018 and (ii) all existing revenue contracts as of January 1, 2018 through a cumulative adjustment to equity. In accordance with this approach, revenues for periods prior to January 1, 2018 will not be revised.

1. Business and Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncement – ASC 606 Revenue Recognition (continued)

The core principle in the new guidance is that a company should recognize revenue in a manner that depicts the transfer of goods or services to customers in amounts that reflect the consideration the company expects to receive for those goods or services. In order to apply this core principle, the Company will apply the following five steps in determining the amount of revenues to recognize: (i) identify the contract; (ii) identify the performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract; and (v) recognize revenue when (or as) the performance obligation is satisfied. Each of these steps involves management's judgment and an analysis of the material terms and conditions of the contract.

Although total revenues may not be materially impacted by the new guidance, management notes changes to the disclosures based on the additional requirements prescribed by ASC 606. These new disclosures include information regarding the judgments used in evaluating when and how revenue is recognized and disclosures related to contract assets and liabilities.

Income Taxes

As a limited liability company, the Company is treated as a partnership for Federal and state income tax reporting purposes. Accordingly, no provision has been made for income taxes in the accompanying financial statements, since all items of income or loss are required to be reported on the income tax return of the member, who is responsible for any taxes thereon. The Company is subject to local income taxes and paid \$34,995 in local income taxes during the year ended December 31, 2018.

The Company remains subject to tax examinations by all taxing authorities for all years in which its tax returns were required.

Use of Estimates

The process of preparing financial statements in conformity with US GAAP requires the use of estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Such estimates primarily relate to transactions in process and events as of the date of the financial statements. Accordingly, upon completion, actual results may differ from estimated amounts.

2. Recent Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (“FASB”) published Accounting Standards Update No. 2016-02, Leases (“ASC 842”). The new accounting standard is applied to operating leases with a term greater than 12 months and requires lessee’s to recognize (i) their obligations to make lease payments as a liability (the “lease liability”), initially measured at the present value of the lease payments, and (ii) their ability to use the leased property as a corresponding asset (a “right-of-use asset”). The updated standard is effective for fiscal years beginning after December 15, 2018 and the Company adopted the new standard on January 1, 2019 using the modified retrospective approach, which requires the Firm to (i) apply the new standard to leases in place as of the adoption date, (ii) record a cumulative-effect adjustment to retained earnings as of the first day of the adoption year, and (iii) follow the new rules for all leases entered or modified going forward. In accordance with this approach, assets and liabilities for periods prior to January 1, 2019 will not be revised.

The core principle in the new guidance is that a company should provide information necessary to understand its leasing activities including a comprehensive understanding of the costs of property essential to a company’s operations and how those costs are funded including the recognition of assets and liabilities associated with leases.

Although the economic or legal characteristics of these leases are not altered, the impact on the presentation of assets and liabilities on financial statements may be material. Also, as a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and Financial Industry Regulatory Authority (“FINRA”), the Company is subject to SEC Rule 15c3-1, the Net Capital rule, under which the lease asset would be recorded as a non-allowable asset and the associated liability would be recorded as aggregate indebtedness, both of which could have a materially negative effect on Net Capital computed under SEC Rule 15c3-1. On May 31, 2016, the Securities Industry and Financial Markets Association (“SIFMA”) requested relief from the SEC from the net capital impact of the lease capitalization required under ASC 842. On November 8, 2016, the SEC issued a “no action” letter permitting broker-dealers to add back to Net Capital the operating lease asset to the extent of the associated operating lease liability. If the value of the operating lease liability exceeds the value of the associated operating lease asset, the amount by which the liability’s value exceeds the associated lease asset must be deducted for net capital purposes.

REVL SECURITIES LLC
Notes to Financial Statements
DECEMBER 31, 2018

2. Recent Accounting Pronouncements (continued)

The new guidance provided by ASC 842 may not materially impact the Company's presentation of assets and liabilities, and the relief provided by the SEC "no action" letter will substantially negate the effect of its application on the Company's Net Capital; however management notes changes to the disclosures based on the additional requirements prescribed by ASC 842. These new disclosures include information regarding the judgments used in determining the present value of lease payments and the corresponding value of the right-of-use asset.

3. Indemnification

The Company enters into contracts that contain a variety of indemnifications for which the maximum exposure is unknown but for which management expects the risk of loss, if any, to be remote. The Company has no current claims or losses pursuant to such contracts.

4. Net Capital Requirements

The Company is subject to the SEC's Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, not exceed 15 to 1. At December 31, 2018, the Company had net capital of \$342,764 which was \$336,066 in excess of its required minimum net capital of \$6,698. The Company's percentage of aggregate indebtedness to net capital was 29.31% at December 31, 2018. The Company claims an exemption from Rule 15c3-3 pursuant to Rule 15c3-3(k)(2)(i) and therefore is not subject to the reserve requirements of Rule 15c3-3.

5. Related Party Transactions

The Company had entered into an expense sharing agreement with its sole member, REVL Capital Group, LLC (the "Member"). Certain employees of the Member provide services to the Company. Effective May 31, 2017, the Member has agreed to pay certain operating costs attributable to the activities of the Company, including office rent, utilities, information technology infrastructure, printing fees, legal and compliance and telephone fees. The agreement provides for the Company to reimburse the Member monthly for its share of operating expenses. The Agreement is perpetual until changed by the parties.

Total expenses under the expense sharing agreement were \$68,611 for the year ended December 31, 2018.

REVL SECURITIES LLC
Notes to Financial Statements
DECEMBER 31, 2018

6. Concentration of Credit Risk

Financial instruments which potentially subject the Company to significant concentrations of credit risk consist principally of cash and money market funds. The Company maintains accounts with various financial institutions. The Company has exposure to credit risk to the extent its cash exceeds the \$250,000 covered by federal deposit insurance.

7. Subsequent Events

Events of the Company subsequent to December 31, 2018 have been evaluated through March 08, 2019, which is the date the financial statements were available to be issued, for the purpose of identifying events that would require recording or disclosures in the financial statements in the year ended December 31, 2018. No subsequent events were identified that require disclosure.
